Quickscreen ..

Quickscreen is the most elegant lightweight portable banner stand on the market and forms part of our diverse range. Banner stands can be utilized for a variety of needs, from a general presentation solution for a corporate lobby or exhibition, to a point of sale display.

- Separate picture cassettes enable the graphics to be changed as and when required, hence one piece of hardware can be used for the marketing of different products and services
- Available in a double sided version, allowing one or two images to be presented individually or together
- Easily transported in a practical nylon carry bag
- An internal retracable cassette
- A choice of 5 colours
- Width: 50, 85 and 100cm. Height: 180, 200 and 218cm
- Hardware and graphics to suit any budget
